Meet thousands of Iraq's top buyers to boost your business

Iraq continues to invest heavily in food production, processing, packaging, and agricultural infrastructure. Innovative products, technologies and solutions from more than 300 exhibitors will once again make the 9th edition of Agro Pack & Food Iraq a significant driving force within Iraq's agro, packaging and food industries.

Organised by So Fuar and fairtrade Messe, Iraq's largest industry event provides an invaluable platform for professionals to exchange on their business and discuss investments.

Taking place concurrently with the 7th edition of **Iraq plast**, more than 10,000 professionals from across Iraq and beyond are expected to attend this key industry event.

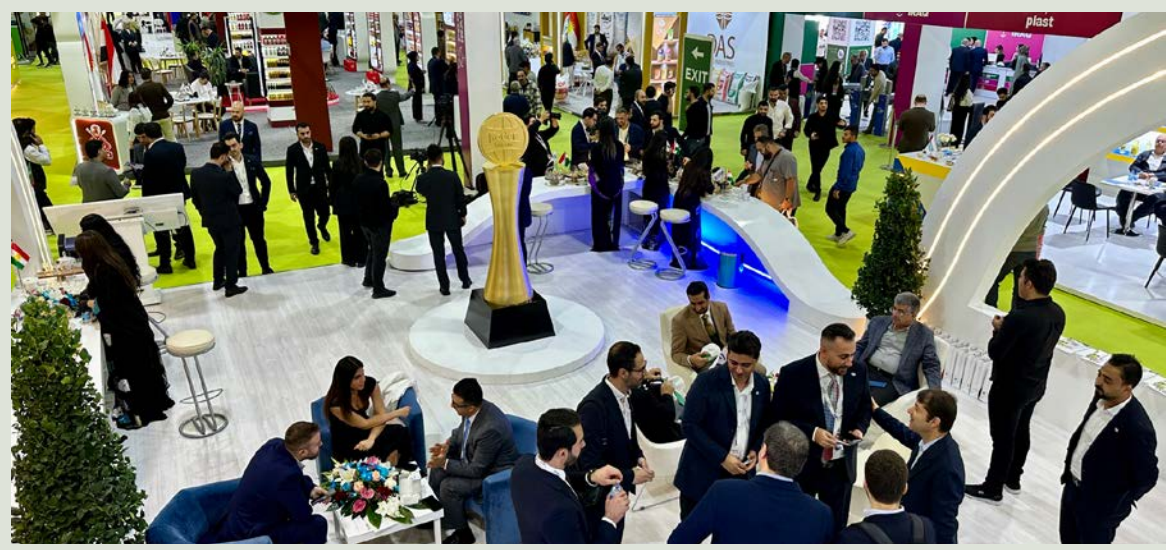

Exhibition topics covering the entire value chain

Impressive figures underscore Iraq's dynamic agrofood sector growth

• Between 2018 and 2024, Iraq's imports of food and packaging technology increased at an annual growth rate of 16.5%, from €89 million to €223 million, making Iraq the third largest Arab importing country in the Middle East after Saudi Arabia and the UAE (VDMA). These technology imports enable Iraq to develop and diversify its own production, increase exports, and substitute imports of consumables. [See further details](#)

• Food imports also surged between 2018 and 2024, with an annual growth rate of 11.6%, rising from US\$ 10.9 billion to US\$ 21.0 billion (WTO).

This solidifies Iraq's position as the third largest food importer in the Arab Middle East, following Saudi Arabia and the UAE. [See further details](#)

Expansion to 2 halls enables clear thematic structure

The overwhelming demand prompts the organisers to use both halls of the Erbil International Fairground to offer attendees a comprehensive and intensive experience.

This expansion allows for a clearly defined thematic structure and reflects the commitment to delivering an unparalleled event that meets the diverse needs of exhibitors and visitors alike.

So here is the event's structure:

Hall 1:

- **Food Iraq:** A platform for showcasing and trading finished food & beverage products.
- **Agro Iraq:** Showcasing agriculture, crop production, livestock breeding, and poultry.

Hall 2:

- **Agro Pack Iraq:** Focusing on technology and materials for food and beverage processing, as well as ingredients.
- Furthermore, the concurrent 7th **Plast Iraq** complements the value chain, spotlighting plastic raw materials, machinery, equipment for plastics processing, printing, and packaging.

Review 2025 - A resounding success!

The 2025 edition of Agro Pack & Food Iraq was an outstanding success and attracted **346 exhibitors from 21 countries** and more than 10,000 participants.

For a comprehensive overview, please refer to the [Post Show Report 2025](#).
